Marina Palms Yacht Club & Residences brings the yachting lifestyle back to Miami. The luxury condominium development will have its own private marina catering to residents and their guests.

Located at 172nd Street & Biscayne Boulevard – the closest point where the boulevard approaches the Intracoastal.

For boating enthusiasts, Marina Palms will be the first Miami-Dade County luxury condominium and yacht club project built in the last two decades. Private harbor includes a 112-slip marina – 20 minutes from the ocean.
